Springfield, Ill., Oct. 5—(AP)—Extradition proceedings seeking the return to Chicago of Samuel Insull from Paris and his brother Martin Insull from Canada, to answer indictments returned by the Cook county grand jury yesterday, were temporarily stopped by Governor Louis L. Emmerson today, to give State's Attorney John Swanson of Cook county time to say how Cook county will bear the expense of the extradition.

The Governor dispatched the following telegram to Swanson:

"Your telegram has been received, asking that the Secretary of State be required to secure the arrest and detention of Samuel Insull, Sr., and Martin Insull, preliminary to extradition.

"You doubtless remember that in each case since Cook county failed to pay expenses incurred in October 1930 in seeking an extradition, the state department has inquired 'what assurance can be given that any expense involved will be met by the State of Illinois or Cook county.'"

"Under the law expenses must be borne by the demanding county. Please advise facts to answer this inquiry."

MID WEST TO ASK LOAN

Chicago, Oct. 5—(AP)—The receivers of Middle West Utilities Company determined today to ask the Reconstruction Finance Corporation for \$21,000,000 to liquidate loans of the National Electric Power Company held by five New York banks.

Middle West, the gigantic Insull holding company, invested \$40,000,000 in its 99 per cent stock ownership of the National Electric Power Company but lost operating control last July when the New York banks took charge.

Edward N. Hurley and Charles A. McCulloch, receivers, announced their plan to regain control for Middle West today after a conference in Danville, Ill., yesterday with U. S. District Judge Walter C. Lindley.

By obtaining the \$21,000,000 loan and applying it repayment of the National Electric Power debt the receivers would obtain release of \$36,000,000 in collateral pledged against the loan. The banks involved are the Chase National, Chemical National, New York Trust Company, Manufacturers Trust Company and Central Hanover Bank.

SECURITIES ENJOINED

New York, Oct. 5—(AP)—Federal Judge John M. Woolsey today appointed Calvin Pentecost ancillary receiver in bankruptcy for the Insull Utility Investments, Inc., in this district.

Judge Woolsey also granted a blanket injunction restraining all persons and corporations, including sheriffs, marshals and five New York City banks, from interfering with securities or other chattel covered by the receivership.

CAPIAS FOR MARTIN

Chicago, Oct. 5—(AP)—Two representatives of the State's Attorney's office left today by airplane for Toronto, Ont., (Canada) bearing a capias for the arrest of Martin Insull.

HAS NOTHING TO SAY

Toronto, Oct. 5—(AP)—Martin Insull, indicted in Chicago on charges of embezzlement, arrived here from Orillia today. He refused to talk to newspapermen.

NECESSARY STEPS

Toronto, Oct. 5—(AP)—Edward Bayly, Deputy Attorney General of Ontario, said today that a capias for the arrest of Martin Insull would have no authority in Canada unless certain legal steps were taken here to make it effective.

To effect extradition, said Mr. Bayly, it would be necessary to obtain a provincial warrant under the Dominion extradition act, and then to conduct an inquiry at which witnesses or their certified depositions could be examined. The final ruling on the extradition proceedings would come from the Governor-General at Ottawa.

Mr. Bayly said he had had no word from State's Attorney Swanson of Illinois in regard to the Insull case.

Last Evening, Came
Before Leech

Joe Lapuma, 23, who claims residence at 623 Fifteenth avenue, Rockford, was taken in custody by deputies from the sheriff's office yesterday afternoon about 3:30 o'clock two miles north of Compton on state highway, route 70, while driving a new eight-cylinder coupe, which he claimed belonged to James Hayes, 230 North Sixth street, Springfield, Ill., and in which he was transporting a load of alcohol to the state capital city, when his route was unexpectedly changed and he detoured to the county jail at Dixon.

A search warrant was secured in Justice J. O. Shaulis' court which revealed 187 one-gallon tins of alcohol which were tightly packed away in the reconstructed body of the car, which had been built especially for this purpose. Lapuma told Sheriff Richardson that he was hauling for Hayes and displayed a bill of sale for the car which was made out to the Springfield resident.

Tried to Bargain

An information charging him with transporting and possessing intoxicating liquor on a public highway, was filed before Judge Leech in the County Court this morning. Rockford friends of the defendant, who appeared in court sought to ascertain the probable amount of a fine in the event that Lapuma pleads guilty to the charges. Judge Leech responded:

"This is not a five and ten-cent store and not a place for bargaining. The fine and penalty will be pronounced when the defendant enters a plea of guilty, provided that he comes to take that action." Lapuma was held under a bond of \$3,000 by Judge Leech, who continued the hearing until 9 o'clock Thursday morning, and in default of the amount Lapuma was returned to the county jail.

Democrats Seeking

President's Train
Gave Hitch-Hiker Lift

On Board Presidential Special Enroute to Washington, Oct. 5—(AP)—Although he did not know it, President Hoover today gave a lift to a "hitch hiker."

As the presidential train slowed down this morning at Plymouth, Ind., Secret Service agents detailed to guard the Chief Executive, apprehended Anthony Dimaggio, Cocona, N. Y., in the act of climbing under one of the forward cars.

The 19-year-old youth was carefully searched and examined. But within 10 minutes the Chief of the Secret Service detail announced himself satisfied that he was "just a young fellow trying to get back home the best way he could."

Dimaggio said he had no idea was trying to board the President's train but because he did was given a breakfast and a lift as far as the next stop, Fort Wayne.

Roosevelt Charge "Untrue"

Several times during his speech, the first lengthy exposition of his views on campaign issues since his speech of acceptance, the President referred directly to statements by his Democratic opponent, Gov. Roosevelt, many times during his text to say Roosevelt's characterization of the Hawley-Smoot tariff law as "the highest in the history of the world" was not "true."

The President scheduled today's stops after crowds running as high as 15,000, according to police estimates, welcomed him and Mrs. Hoover into their native state of Iowa, at various stations along the way.

Greet Overflow Crowds

In Des Moines, the President and the First Lady were welcomed by a confetti-tape-tossing crowd of thousands that lined the streets for a nine-mile parade. After dining with Gov. and Mrs. Dan Turner and speaking at the Coliseum, the presidential couple made several more appearances before overflow crowds and then hurried to their train.

During one of the latter appearances, the President voiced his appreciation of the reception and said "escorts from every city

football of every speculator and every vicious element."

"They passed a price-fixing bill creating what might be colloquially called the 'rubber dollar.' I opposed this. It was held up in the Senate."

"These measures representing the dominant Democratic control brought discouragement and delay to recovery. Had their program passed it would have been the end of recovery. If it ever passes it will end hope of recovery."

"This program was passed through the Democratic House of Representatives under the leadership of the gentleman who has been nominated the Democratic candidate for Vice President and thus these measures and policies were approved by their party."

DECLARED IN MILITANT SPEECHTremendous Crowds Heard Chief Executive
In Address At Des Moines Last
Evening; Is Heartened

Des Moines, Oct. 5—(AP)—An orphan who became President sped back to the nation's Capital in his special train today, heartened, he said, by the welcome of Iowans to their native son, Herbert Clark Hoover.

"I don't know when I have been so heartened," the President told an overflow crowd which welcomed him to the State House plaza following his opening campaign address at the Des Moines Coliseum.

Braving the chill of the fall night, the President and Mrs. Hoover, also a native Iowan, smiled thorough appreciation of the crowds which heard the President's address through amplifiers at the plaza and the Shrine Auditorium.

"I want to express the appreciation I have for the fine, generous welcome accorded from the moment we set foot in our native state," Mr. Hoover said.

Called "Next President" The State House crowd cheered as Gov. Dan Turner introduced Mr. Hoover as "the next President of the United States."

Mr. Hoover joined with the audience in a friendly laugh when Secretary of State A. C. Greenwald presented Mrs. Hoover as "the Chief Executive's chief executive."

Following his reception at the Shrine and at the State House plaza, the President spoke briefly to Iowa newspapermen at Hotel Fort Des Moines.

The President made a campaign tour today out of his return to Washington from Des Moines where last night he told a cheering audience that "a great national victory has been achieved" in the "war" against the "economic storm," and said the Democratic program was marked by "reckless disregard of the safety of the nation."

The Chief Executive, in a series of rear platform appearances through Indiana and Ohio today, resumed the offensive in his campaign for re-election which he assumed last night when he told the nation that the legislation proposed by Democrats in the last session of Congress, if ever enacted, "will end hope of recovery."

This program, the President said, was approved by the Democratic party when it nominated Speaker Garner for Vice President.

At one point in his speech, when the President was outlining what he called the Democratic "program" proposed in the House during the last session of Congress, as a result of which he said he vetoed several measures, a member of the audience yelled: "Give 'em hell!"

The President halted his address, smiling broadly, for fully half a minute.

White House aides said today that scores of congratulatory telegrams were being received by Mr. Hoover on his special train, commending him for his Des Moines address. One of his secretaries said "one telegram" was received within three quarters of an hour after the President finished speaking.

A crowd which filled the 9,600 seat Des Moines Coliseum interrupted Mr. Hoover many times with applause during the hour and a half of his speech in which he said "we have won this battle" against economic forces and denounced 12 policies and proposals of aid to agriculture.

Roosevelt Charge "Untrue"

Several times during his speech, the first lengthy exposition of his views on campaign issues since his speech of acceptance, the President referred directly to statements by his Democratic opponent, Gov. Roosevelt, many times during his text to say Roosevelt's characterization of the Hawley-Smoot tariff law as "the highest in the history of the world" was not "true."

The President scheduled today's stops after crowds running as high as 15,000, according to police estimates, welcomed him and Mrs. Hoover into their native state of Iowa, at various stations along the way.

Greet Overflow Crowds

In Des Moines, the President and the First Lady were welcomed by a confetti-tape-tossing crowd of thousands that lined the streets for a nine-mile parade. After dining with Gov. and Mrs. Dan Turner and speaking at the Coliseum, the presidential couple made several more appearances before overflow crowds and then hurried to their train.

During one of the latter appearances, the President voiced his appreciation of the reception and said "escorts from every city

along the route" had given evidence they were "loyal, hard-working Republicans."

In his speech before a throng which included most of Iowa's leading Republicans, the President said that Republican policies "are winning out." "If we continue to fight along these lines we shall win," he added.

Heading the President's list of 12 policies and proposals was the proposition that "the very basis of safety to American agriculture is the protective tariff on farm products." The Republican party, he added, "will maintain the protective tariff on farm products and even widen that tariff further where necessary to protect agriculture."

Other Proposals

Among the President's proposals were:

1.—Revision of the Farm Marketing Act "in the interest of the farmer in the light of our three years experience" including repeal of the stabilization provisions.

2.—Support of a "sound program to promote the reorganization of agriculture so as to divert lands from unprofitable to profitable use and to avoid the cultivation of lands the chief return of which is the poverty and misery of those who live upon them."

3.—Recommendation at the next session of Congress of a reorganization of the Federal Land Banks to "give them the resources and liberty of action, which do not exist, necessary to enable them to definitely and positively to expand in the refinancing of the farm mortgage."

It is necessary to give men who want to fight for it a chance to hold their homes."

To Use Debt Payments

4.—Proposal that any annual payment on the foreign debt be used for the specific purpose of securing an expansion of the foreign markets for American agricultural products.

In a carefully prepared section of his speech, which he did not complete until he neared Des Moines, the President reviewed what he called the "real doctrine and program of the men who dominate" the Democratic party.

Although the Democrats were in control of Congress, he said, they presented no program. "The administration did present a program which has saved the country from complete disaster," he added.

Hits Democratic House

Democrats in the House, the President continued, "produced a program of pork-barrel legislation in the sum of \$1,200,000,000 and passed a bonus bill which 'would have made our currency a football of every speculator and vicious element in the financial world.'"

House Democrats also, Mr. Hoover said, passed a bill "which would have made the government the most gigantic pawnbroker of history."

"All this undermined public confidence and delayed the efforts of the administration and the powerful instrumentalities which we had placed in action to save the country," he continued.

"These measures representing the dominant Democratic control brought discouragement and delay to recovery. That recovery began the moment when it was certain that these destructive measures of this Democratic-controlled House were stopped."

Would End Recovery

"Had the program passed it would have been the end of recovery. If it ever passes, it will end hope of recovery. This program was passed through the Democratic House of Representatives under the leadership of the gentleman who has been nominated the Democratic candidate for Vice President and thus these measures and policies were approved by their party."

A moment later when the President asked: "Do you propose to place these men in power and subject this country to that sort of measures and policies?" Many voices shouted "no."

Wall Street

New York, Oct. 5—(AP)—Successful flurries of active selling knocked the props under the stock market today, after selling sessions of quiet wobbling. Liquidation started for a time in the afternoon, but quickened again in the late dealings, and many leading issues lost 2 to more than 7 points. The turnover approximated 3,000,000 shares. Method of Scratching In Election Explained

Numerous inquiries have been received by the Telegraph in which information is sought as to the correct manner in the marking of ballots at the election on November 8, in which the voter desires to make a preference for a favorite candidate. Where the voter desires to vote the straight ticket with one or more exceptions, marking a cross in the circle at the top of his party preference and then marking for one or more candidates whose names appear on another ticket, is legal and will be counted. It has been authoritatively stated. In the event that the voter marks his ballot in the circle at the top of the ticket of his choice and then votes for one or more candidates whose names appear on another party ticket, the ballot is counted as voting for all of the candidates on the party ticket except those before whose names crosses have been made on another ticket.

Tammany Support Hurts Republican

Buffalo, N. Y., Oct. 5—(AP)—W. Kingsland Macy, Republican State Chairman, today called upon state Senator Samuel H. Hofstadter, chairman of the legislative committee which investigated New York City's government, to refuse the Tammany Hall endorsement for election to the Supreme Court bench.
In a telegram to Hofstadter, Macy said that "the finest minds of the Republican party feel that you have stultified our party in a way for which you can only partially atone by refusing the designation."
Macy said that he must "demand" such refusal by Friday night, the last day on which declarations be filed.
Macy advised Hofstadter he was "shocked" when I heard that you had been nominated by the Tammany Hall organization for Justice of the Supreme Court in the Second Session on the same evening when the Republican party of Manhattan and Bronx nominated you for the same position."

Blames Garner For Delays In Relief

Chicago, Oct. 5—(AP)—Republican campaign headquarters made public today a statement by former Senator Lawrence C. Phipps of Colorado charging "the failure of Speaker Garner to control his own followers in the last Congress, with consequent delay in passage legislation is threatening the financial future of western farmers and ranchers."
"Because of delay in getting the Reconstruction Corporation machinery started," the statement said, "western stockmen are facing the prospect of having to sacrifice their young feeders unless funds are made available to carry the stock through the winter. Funds to carry the Colorado potato crop until it could be marketed to advantage also would be available by now were not relief measures delayed by the Democratic House."

CITY EMPLOYEES PETITION COUNCIL TO REDUCE WAGES

Action Is Taken Because Ordinance Stipulated Salaries

Members of the Dixon police and fire departments and City Clerk Blake C. Grover have petitioned the city council for a ten per cent reduction in salaries effective September 15 and employees of the city's street department will yield to a like reduction, it developed at last evening's session of the city council. The petition for the reduction took the place of the commission's action of two weeks ago when Commissioner Brooks' motion reducing salaries was accepted by the entire council. It developed that the salaries were fixed by ordinance and that to provide for the reduction asked by the council, a new ordinance would necessarily be drafted or the present ordinance changed.

Not City Proposal
Commission John Loftus stated the council why the proposed program of city improvement was being held up, the mayor replying that he had been informed that the delay was caused by officials in Chicago in failing to provide the necessary federal relief funds. In further explanation, the Mayor said:

"Some public misunderstanding was conveyed in this proposed improvement program."

"A Rockford newspaper stated that it was a city plan, which it was not. It was a plan of the county welfare committee and one in which the city cooperated when presented. In presenting it, there has been considerable misapprehension, misrepresentation and unreasonableness shown. The city is willing and ready to cooperate on any plan that will provide employment for the unemployed at the prevailing scale of wages, but the sudden burst of enthusiasm over the prospect has quickly subsided."

Commissioner Loftus stated that the first proposal was the improvement of the court house square which had been dropped, then the proposal to improve the streets in the business section, which likewise has been little heard of since its presentation to the council, and he favored the outlining of some program by the city.

Change Street Name
An ordinance providing for the changing of the name of West Water street from Galena avenue west to the new parkway, thence north to Lincoln Way to Lincoln Statue drive was unanimously voted by the council.

The council voted to grant two applications for the erection of signs, the firm of Schuck & Bates on West Everett street to erect an electric sign and of the Lee County Republican Central committee to suspend a sign across First street in front of their headquarters.

In the list of regular monthly bills against the city was one for \$102.50, payable to Township Clerk Walter Fullstrom, which was questioned by Commissioner Brooks, who favored its being held up pending further investigation. Commissioner Loftus explained that the amount was a charge made for the use of the township owned scarifier by the city. The bill was not allowed at this meeting and was tabled for one week to permit an investigation.

Search Spectators
At Murder Hearing
Jacksonville, Fla., Oct. 5—(AP)—Fuller Warren, counsel for Solomon Higginbotham, who, with George W. Courson, is on trial charged with the torture murder of A. Thur Maffett, New Jersey convict, today asked the court that each spectator be subjected to close inspection because of a death threat received by one of the defendants.

The request was made shortly after the selection of a jury to try the two prison camp guards was completed.

Two and one half days were required to fill the jury box, a special panel of sixty men having been called yesterday after the original panel of 85 men had been exhausted.

The jury was seated over the protest of defense counsel who objected to T. E. Sealy, a baker salesman. He was accepted today by the state and the court overruled the defense objection.

AUGUST MORNING
 It was a flawless morning of mid-August, and the docks presented a picture of the liveliest activity under an amber superfluity of sunlight. The breeze was sharply flavoured with salt and the exotic fragrance of spices from the India wharf, and overhead the bland clouds of summer preserved their leisure of their own. The splendid warehouses of Broad Street were bright with white and pumpkin-coloured paint, and far away the State House dome hung like a shining bubble over Beacon Hill. —From "The Orphan Angel" by Elinor Wylie.

Phidian Luncheon Tuesday at Club a Delightful Affair

Forty members of the Phidian Art Club attended a 1 o'clock luncheon at the Dixon Country Club Tuesday, which opened the new club year. A delicious four course luncheon was served from tables set for six, the decorations being dahlias and nasturtiums in the beautiful yellow and gold shades.

The new president, Mrs. W. D. Hart, made a short and pleasing address, and introduced Mrs. J. Franklin Young, who visited in Washington this summer, and attended the General Federation of Women's Clubs biennial convention in Seattle. She told in a most interesting manner of some of the unusual experiences of her trip and presented many high lights of the convention, which was attended by 3000 women. The Phidian club was fortunate in having so fine a delegate as Mrs. Young, for she brought back with her the spirit of the meeting as well as many facts about it. The afternoon was most enjoyable for all present, and the next meeting is also being anticipated with pleasure, as it will be at attractive "Hazelwood."

ST. PAUL'S LADIES AID TO MEET THURSDAY

Tuna, Spanish Style, for 6
 4 tablespoons butter
 6 tablespoons flour
 3 cups milk
 1 teaspoon salt
 1-4 teaspoon pepper
 2 cups tuna
 2 hard cooked eggs, diced
 3 tablespoons chopped green peppers
 1 tablespoon chopped onion
 4 tablespoons catsup
 Melt butter and add flour. When mixed, add milk and cook until creamy sauce forms. Stir constantly. Add rest of ingredients. Pour into buttered baking dish and bake 25 minutes in moderate oven. Serve in dish in which baked.

Corn Muffin
 1 1/2 cups flour
 1 cup corn meal
 4 teaspoons baking powder
 4 tablespoons sugar
 1-2 teaspoon salt
 2 eggs
 1 1/2 cups milk
 3 tablespoons fat, melted
 Mix ingredients. Beat 3 minutes. Half fill greased muffin pans and bake 20 minutes in moderate oven.

Apricot Sponge
 (A delicious dessert)

 4 tablespoons cold water
 3 egg whites, beaten
 2 cups apricots
 1 tablespoon lemon juice
 Beat yolks and add sugar. Add milk and salt. Heat in double boiler until little thick. Stir constantly and do not over cook. Soak gelatin and water 5 minutes. Add to heated custard mixture. Remove from double boiler and beat 2 minutes. Cool. Fold in egg whites and apricots which have been sprinkled with lemon juice. Chill until stiff. Serve plain, with more apricots or whipped cream. Other fruits can be used in place of apricots.

Party Honored Miss Lois Steacy

Last evening Miss Leone Ott and Miss Jane Bradford delightfully entertained at the home of Miss Ott in honor of Miss Lois Steacy who is soon to wed Ray Wilson of Dixon.
 Miss Jarlth Jones was awarded the favor for high honors at bridge, and Miss Lois Steacy was presented the consolation favor.
 Miss Steacy was presented a handsome lamp as a token of esteem and affection from the girls present.
 Tempting refreshments were served, the dainty decorations being in green and silver.

GEORGE TUFFLEY IN SOUTHERN CALIFORNIA

The following clipping from the Long Beach, Cal., Argus of September 30, is of interest to several residents of Dixon:
 "George Tuffley, a former resident of Long Beach, has arrived back here and is spending the winter in southern California, stopping with Mr. and Mrs. E. R. Eastman at their home, 27 E. 53rd street, here. Mr. Tuffley formerly owned the residence just back of the Bank of America on East 53rd street which he sold when Mrs. Tuffley's health made it necessary for them to go east about a year ago. Mrs. Tuffley failed to benefit by the change and passed away on May 9 of this year. Mr. Tuffley stated. Her death occurred at Dixon, Illinois."

Dixonites Are Rewed in Freeport

Of much interest to friends here will be the announcement of the wedding in Freeport of Robert Potts of this city and his former wife, Caroline. Mr. and Mrs. Potts obtained a divorce some time ago but were rewed Thursday.

Rev. A. D. Schaeffer accompanied them to Freeport where the marriage ceremony was performed in the apartment of Rev. Schaeffer's cousin, Miss Martha Bunker and Curtis Pittman were the at-

tendants. Mr. and Mrs. Potts have gone to Green Bay and Milwaukee, Wis. On their return to Dixon they will reside at 1620 W. Third street. Their many friends unite in wishing them happiness in the future.

Miss Imo Shelhamer, a faithful worker for many years past, will leave Thursday for California. As this meeting came on her birthday she was presented with a beautiful necklace as a little token of remembrance from the members of the Missionary Society.

Mrs. Hobbs made a lovely presentation speech and read a very fitting poem for the occasion.

Mrs. W. H. Gebhardt had charge of the entertainment for the evening.

Divorce Victory Brings Only Tears

Los Angeles, Oct. 5.—(AP)—Victory in a divorce suit against Johnny Weissmuller, world-famous swimmer, brought only tears to Bobby Arnet, musical comedy star.

Shortly after winning the divorce after charging ill treatment the actress stepped into the private chambers of the judge and with tears streaming down her face, removed her wedding ring. She sobbed:

"It is the very first time I have taken it off since Johnny placed it on my finger."

Brethren Young People Elect Officers

When it comes to optimism being based on realities the young people's department of the Brethren church feel that they have reasons to rejoice. In their annual business meeting last night at the home of Roy Ploymann reports showed a healthy growth in the department. The Y. P. D. have their service each Sunday evening in the church parlors preceding the pastor's service and their attendance has averaged over forty and all remain for the after service. They aim to increase their attendance to an average of fifty, and all remain for the pastor's service. Their achievements, however, are not only numbers, for their program calls for clean living and devoted lives to the church program. Paul Thompson was elected as president, Lena Bowers as vice president and Orville LeGore as secretary-treasurer. While there is an attitude of seeking for the real spiritual values of life, the social part of their gathering last night indicated that they enjoy good games and a jolly good time. After refreshments were served and all had expressed their appreciation for the good time the happy group departed for their homes.

2,000 Women Form New Radio Forum

Chicago, Oct. 5.—(AP)—The Republican National Committee today made public a statement saying two thousand Republican women, each pledged to invite at least ten friends to her home for radio parties to listen to speeches by President Hoover and other campaign speakers, have enrolled in a radio forum. Mrs. Silas Strawn of Chicago is the organizer of the plan.

"Since the organization was

J. L. Moores, Rockford, Have Golden Wedding Surprise

Mr. and Mrs. J. L. Moore, 427 North Third street, Rockford, were guests of honor at a surprise dinner given at Trinity Lutheran church Tuesday noon by their children and other relatives in honor of the Moore's fiftieth wedding anniversary. It was the first golden wedding anniversary celebration ever held at Trinity church, where both Mr. and Mrs. Moore are members.

The dinner tables were beautifully in gold and white. As the Moores entered the church they were greeted by the strains of the "Lohengrin" bridal chorus played by their grand-daughter, Marie Moore, daughter of the Harry Moores of Dixon.

Mr. and Mrs. Moore were married at the farm home of the bride's parents, Mr. and Mrs. W. B. Thompson, Monroe Center, the Rev. M. C. Wire officiating.

Among the seventy-five guests present yesterday were Mr. and Mrs. Frank Moore, Elgin; Mr. and Mrs. Harry Moore and children, and Frank Moore of Dixon. The Rev. H. M. Bannen, Trinity pastor, spoke and Mrs. O. Garfield Beckstrand sang "Silver Threads among the Gold," and "When You and I Were Young, Maggie."

The Moores' three sons are Vern, Rockford; Ener, Monroe Center; and Harry, Dixon. There are five grandchildren and one great grandchild.

Hints for Homemakers

By Jane Rogers

AN excellent way to remove grease spots from wall paper is to cover the spots with powdered French chalk. Leave it on for twenty-four hours, then brush off. If the spots have not disappeared, repeat the application, laying a piece of blotting paper over each of the chalked spots and pressing with a warm iron.

To preserve the freshness and flavor of fresh fish over a period of two or three days, sprinkle the inside with sugar, keeping the fish in a horizontal position so that the sugar may penetrate as much as possible. Use one tablespoon of sugar to a five-pound fish.

Kreger, all registered nurses of Dixon, will leave in the morning for Quincy, Ill., where they will attend the nurses convention.

"PROSPERITY" HAS A PLEASANT SOUND.

Prosperity is a pleasant word. Maybe it's only a word in the dictionary; but millions don't think so. Allover the country you find a new outlook. Men are going back to work, commodity prices are rising, the stock market is showing a healthier tone. Americans have always been a cheerful people. We are coming out of the gloom. You are probably guessing the way all your neighbors are. You probably think better times are returning, but don't forget that better times means higher prices. We will not be able to offer these present low prices indefinitely.

REMEMBER! Thrifty People are Buying Now.

WHAT CAN SMITH SAY?

In an editorial note appended to the Calvin Coolidge article on "The Republican Case," it was stated that "The Democratic Case" would be presented in the Saturday Evening Post a few weeks later by Gov. Alfred E. Smith.

A few days later the editor of the Post announced that Gov. Smith had cancelled his agreement to write the promised article.

No reason for the cancellation has been given, but there have been two surmises as to the cause. One was that after reading the Coolidge article Gov. Smith concluded that nothing he could say for the Democracy would stand the comparison that would inevitably be made. The other was that after thinking it over carefully he realized that to write "The Democratic Case" without a whole hearted endorsement of the Democratic nominee would do the Democratic party more harm than good, while to give the Democratic nominee such endorsement would do Gov. Smith more harm than good.

Whether one conjecture or the other or something entirely different hits the truth nobody but Smith can tell—and he probably will not. Disturbing as his silence unquestionably is to the Democratic nominee and his friends, it can be easily understood.

What could he say?

It is only a few months since in a public speech he denounced Gov. Roosevelt as a demagogue, and he has made no secret of his conviction that he is not of Presidential size. He is on record as stoutly opposed to the immediate payment of the bonus, a bill for which the Vice-Presidential nominee forced through the House of Representatives. He was for the sales tax which the Democratic House turned down. He has supported a considerable part of the Hoover program which Roosevelt and Garner attack without qualification. He has seen nothing to commend in a single economic proposal the nominee has as yet put forward.

To all this must be added the bitter dose that was given him to swallow at the National convention when two men were nominated, neither one of whom he believed worthy, through a trade engineered by two of his bitterest enemies, one of whom he declares broke faith with him and the other of whom had printed things about him that a man does not forgive.

So what can he say and keep his reputation for sincerity, courage and forthrightness?

It is little wonder he is taking a long time to think it over.

A SENSIBLE STATESMAN.

Arthur Henderson's comment on Germany's demand for military equality with her former foes sounds very much like good common sense.

In 1919, as this president of the World Disarmament Conference points out, the allies pledged themselves to disarm to Germany's level. It is almost time that they took some action to redeem that pledge—or, failing that, grant Germany the right to arm up to their level. As Mr. Henderson remarks:

"Why shouldn't the World War allies get together and recognize that what was said in their names in 1919 must bind them? Why should they not publicly declare their intention to remove Germany's position of inferiority with all possible haste, and to restore Germany's equality in military status?"

Why not, indeed? The present situation is only breeding a new war. Something must be done—and it must be done soon.

DECLINE OF THE "WHITE PLAGUE"

Tuberculosis is vanishing in the United States and in another five years it will be classed as a minor disease. So, at any rate, says Dr. Gerald B. Webb of Colorado in a recent speech before a middle western medical association.

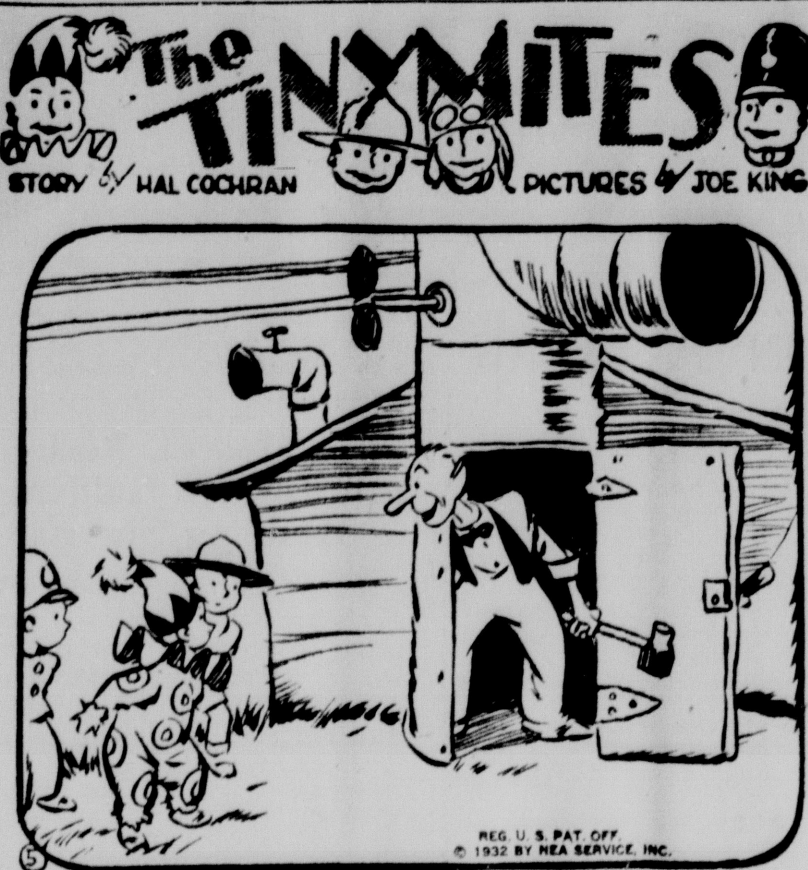

Tuberculosis, as Dr. Webb points out, seems to run in cycles of about 100 years, and all indications now point to the belief that the present cycle is on its downward swing.

Modern methods of treating tuberculosis, beyond a doubt, are more effective than those practiced in former generations. Yet it is odd to realize that the prevalence of the disease seems to depend, at least in part, on mysterious forces beyond human control. Just now it is subsiding, but medical science does not pretend to claim all the credit. There is at work, apparently, some factor which we cannot yet understand.

Bankers cannot be indicted for not being more than human.—Francis H. Sisson, president American Bankers' Association.

With an A-1 product to sell—health—it seems to me that the lack of doctors' "sales" can show only one thing: lack of organization within the medical industry.—Edward A. Filene, Boston merchant and philanthropist.

Today, American popular music may truly lay claim to being the most vital of contemporary music.—Geo. Gershwin, New York composer.

(READ THE STORY, THEN COLOR THE PICTURE)

"I will lead the way," said wee Scouty. "We may find a lot of things to see. I know that we have never been at this strange spot before."

"We may find wood nymphs right near by, or strange folks towering to the sky. It is always fun when you don't know just what might be in store."

"Well, all I hope," wee Duncy said, "is that when we move on ahead, we find a place where we can eat. I'm hungry as can be."

"If I could only have my fill, I would flop right down, and keep real still. The rest of you could travel on. That would not bother me."

So, on they went, a mile or so, and then wee Windy whispered, "Whoa! What was that funny noise I heard? It was like a rat-tat-tat!"

"I think it came from over there," the noise once more came through the air, and Duncy said, "Gee, Windy is right. I heard it. What was that?"

"We will soon find out," said brave Scouty. "I am going to go ahead and try to find out where it came from. Be as quiet as a mouse."

He crept a little ways and then the funny noise was heard again. All of a sudden wee Coppy cried, "Hey look! I see a house."

That is where the noise is coming from and say, unless I'm pretty dumb, that is the famous tin house that we have heard about before."

He shortly added, "I am right. The old tin man has come in sight. He's motioning for us to come, while standing in his door."

(The tin man offers to help the Tines in the next story.)

Young Girl Christens New Ocean Liner

"Santa Lucia," third of the new Grace Liners

THE "Santa Lucia," third of the four new \$5,000,000 Grace liners slides down the ways of the Federal Shipbuilding & Dry Dock Co. in Kearney, N. J., October 3rd with Miss Hilda Holloway, attractive 12-year-old daughter of William Grace Holloway, Vice President of W. R. Grace & Co., as the official sponsor.

Grace Line launches are gala events. At these christening ceremonies guests are filled with well-known "front-pagers"—statesmen, journalists, financiers, and representatives from foreign governments. The ship is festively decorated with gayly colored flags and streamers. At her prow the sponsor's stand is crowded with news photographers and movie camera men. Airplanes swoop low overhead, bands play, famous speakers take their places before the "micro," cameras click, and busy little tugs chug around waiting impatiently to nose their newest charge into the slip.

Suddenly there is a long blast from the ship's whistle, but balloons shower down from a silvery dirigible floating overhead, the christening bottle crashes against the prow, the ship quivers a moment, then slides slowly down her greased cradle and dips her bow gracefully into the water.

tables and colorful beach chairs is the largest open-air pool on any American ship. A casino-like Club, with shaded verandah overlooking the sports deck and swimming pool, is elaborately "turned out" for dancing and refreshment. The gymnasium is equipped with all the most up-to-the-minute paraphernalia for keeping on fit. The Living Room flanked by conservatory-like palm courts, and a Library, are beautiful and exceedingly homelike rooms that reflect the "woman's touch."

The radio and sound motion picture equipments on the new "Santa" ships are among the finest afloat—on from practically all the public rooms; and the latest "talkies" will be shown.

The "Santa Rosa" first to leave the ways, will make her maiden voyage from New York November 26th and from San Francisco December 26th. The "Santa Paula," "Santa Lucia" and "Santa Elena" will all be in service by April. With the entry of the four sister ships into the Grace Line's Panama Mail service, weekly sailings will be maintained and the present service extended to include Seattle, Washington and Victoria, B. C. The new itinerary will cover New York, Philadelphia, Havana, Colombia, Panama, Costa Rica, El Salvador, Guatemala, Mexico, California; Seattle, Washington; and Victoria, B. C.

These new \$5,000,000 liners introduce several innovations: they are the first American ships having all outside rooms with private baths. They are among the first to be furnished throughout by a woman interior decorator. The location of the kitchens, or galley, is a new feature—they are situated up on the boat deck where fresh air can have full play. The Main Dining Room, two decks high, is "up top" also with entrance on the promenade deck—tail case windows and a railback dome give the effect of a breeze-swept outdoor cafe.

THREE SUSPECTS IN CANTON MINE SHOOTING FREED

Progressive Union Is In Agreement On New Wage Scale

Peoria, Ill., Oct. 5—(AP)—While the Progressive Miners' group at Gillespie reached a wage scale agreement last night, mine areas throughout the state continued in upheaval today.

National Guardsmen patrolled Fulton county highways to prevent picketing of mines; special deputies and state police guarded the Dorchester mine in Peoria county; brushes were reported between the strikers and workers in Sangamon and St. Clair counties, and at Kincaid in Christian county high school students who walked out of class rooms Monday to protest the purchase of coal by the school board from a mine operating on the \$5 scale still remained on their strike.

Everett Warner, 20, Miles Bedwell and Mrs. Evelyn Brignall were questioned and released last night by authorities at Canton investigating the shooting of Robert Politt, 20, Monday night. Politt, an employee of the Peckham mine, was shot through the shoulder as he stood in front of the house of a mine official. Officials said Bedwell and Warner accused Mrs. Brignall of making threats against Politt. Her father, they said, was one of the strikers.

PROGRESSIVES AGREE

Gillespie, Ill., Oct. 5—(AP)—Delegates to the constitutional convention of the Progressive Miners' Union today had agreed upon the wage scale proposal by which they expect to have 20,000 miners of Illinois back at work in the next few weeks.

The wage scale agreement proposed by the scale committee was adopted late yesterday by the convention, and the first move to put it into effect was scheduled to be made today at a meeting at Edwardsville between representatives of the new union and members of the St. Clair-Madison County Coal Operators' Association.

Terms of the wage proposal were not made public, and the only comment of union officials was that the scale would be low enough to enable the mine operators to compete with other coal fields. It was believed, however, that the scale would be a compromise between the old \$6.10 basic wage and the new \$5 wage scale approved by officials of the United Mine Workers of America.

Big Operators Firm
While representatives of the Progressive Miners insisted several members of the Illinois Coal Operators' Association would join in the negotiations for the new wage scale, operators in Chicago said they would refuse to deal with the new union.

Stuyvesant Peabody, president of the Peabody Coal Company, one of the large Illinois companies, said: "Members of the Illinois Association repeatedly have stated they would refuse to recognize the Progressive Union. If any operators deal with the new union, they likely will be small ones not associated with the association."

The Progressive Union claimed its negotiations, if successful, would mean the return of 20,000 men to work in the mine fields of the state.

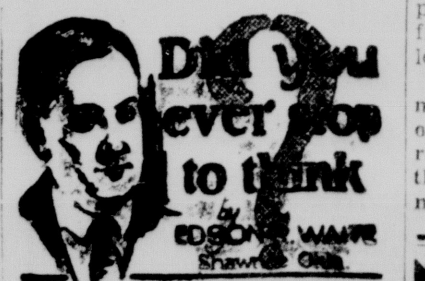

PICKETING STOPPED

Canton, Ill., Oct. 5—(AP)—Picketing stopped voluntarily at the mines of Fulton county today, as 25 men reported for work at the reopening of another of the county's largest mines—the Trux-Traer mine at St. David.

Half a mile away a group of strikers and their women watched the proceedings. They were standing partly in the front yard of one of the men, and offering no show of opposition to the reopening. Captain Americo Bonjean of Peoria, National Guard observer at the mine, approached them and asked what they intended doing. "Nothing yet," he quoted one of them, "but you fellows won't be here always."

Bonjean said he had reports from confidential sources today that the strikers had adopted different tactics and had stopped picketing in favor of a campaign of intimidation at the homes of the miners. The report he said, had come from several sources, and as a result troops would be in readiness to respond to any request tonight after the mines close.

Other mines in Fulton county that have reopened were working about half their capacity today.

JOHN TEMPLE GRAVES II, lecturer and editorial columnist of the Birmingham (Ala.) Age-Herald, says:

"Did you ever stop to think that truth does not change so much as it accumulates? All the talk of a new era to follow the depression may be very true, but other things may be true as well and have been since the cave men carved their histories in stone. To forget the eternal verities for the verities of a particular era is to expose that era to some such explosion as blew the last decade to bits. Men were talking of a 'new era' then, and in all the talk was a wild undercurrent of conviction that the old rules were repealed, that the old laws had been lifted, that there was no longer any top to any-

The Crusaders Sunday School class is bringing together a variety of fruit, vegetables, grain and flowers for display and the church will present a beautiful display of the beautiful harvest this community has enjoyed this season. The occasion is intended to present in a vivid way the bounties and blessings which God has provided. It is believed that such a presentation will inspire those who attend the services to a greater appreciation of our blessings, creating a spirit of thanksgiving and a feeling of optimism. Rev. Wm. E. Thompson, pastor of the church, feels very fortunate in having been able to secure the Reverend H. Spencer Minnick, assistant secretary of the General Mission Board of Elgin, Illinois, for the speaker in the morning service. Mr. Minnick's work especially qualifies him for his task next Sunday morning and those who are permitted to hear him will not be disappointed. A special program is being arranged for the evening service. A cordial invitation is extended to the public.

thing, and that prosperity was going to pour equally forever on the economic sinner and the economic saint of our scheme. That conviction was exploded in the bitter fall of 1929, and the detonations rang through three following years of the most frightful depression this nation has known. The forgotten verities made 'forgotten men' of us all.

"Now we have, or seem about to have, another 'new era'—and another chance to remember the old rules while we are making new ones. We have a chance to remember that production is worth even more than distribution and that the farm is at least as important as the factory. We have a chance to remember that consumption and production are twin horses to the economic chariot and must move together or wreck the whiffle-tree. We have a chance to remember that there is a vast difference between gambling on the future and intelligently anticipating it. We have a chance to remember that there is a certain indispensable balance of gold among nations and wealth among men, and that neither people nor realms are going to buy from us indefinitely unless we allow them buying power.

And we have a chance to remember that in the great business of distributing things the eternal rule is, first, to get the goods, and then, to tell the world, through the newspapers."

ROOSEVELT AND SMITH MADE UP AT CONVENTION

Came Together At New York Party Meeting To Name Ticket

Albany, N. Y., Oct. 5—(AP)—Two hands clasped in the flood-light lingered in the memory of Democrats today as they squared away for final tussles with Republicans.

They were the hands of Gov. Franklin D. Roosevelt and Alfred E. Smith, who called each other "Al" and "Frank" as they grinned over a common victory.

Both had fought for the nomination of Lieut. Governor Herbert H. Lehman as Governor. As opposition finally melted and success arrived, they met on the platform of the Democratic state convention last night.

Ten thousand pairs of eyes watched them. It was the first time they had met since before the Chicago national convention, where Roosevelt won and Smith lost the nomination for the presidency.

Smith, arriving to place Lehman in nomination, went on the platform. Shaking hands with persons there, he approached the spot where Roosevelt was standing. It was "Hello, Al" and "Hello, Frank," and then the hearty handshake.

Tumult drowned their further remarks, but as reported by G. T. Cross, the Governor's secretary, the dialogue over the handshake was:

Roosevelt: "Al, this comes from the heart."

Smith: "That goes for me, too."

Reviewed Own Record

During his speech, Smith referred to Roosevelt by name once. Reviewing his own efforts as Governor for social legislation, he declared:

"And when I left here on Jan. 1, 1929, I left with a feeling of satisfaction because we handed that program to Roosevelt and Lehman."

A few minutes later he expressed confidence that the Democratic national ticket would be successful in November.

Roosevelt, addressing the convention, praised Lehman and said that under Smith's governorship "this state was put on the map among all states, as the criterion of successful state government."

"I look forward," he continued, "to January 1, 1933, when I turn over the reins of the state government to that splendid right hand man of mine, Herbert H. Lehman."

The ticket also includes M. William Bray of Utica for Lieutenant Governor; Morris S. Tremaine of Buffalo for Comptroller; John J. Bennett, Jr., of Brooklyn for Attorney General; Cuthbert W. Pound of Lockport for Chief Judge of the Court of Appeals and John Fitzgibbon of Oswego and Elmer E. Studley of Queens county for Congressmen-at-Large.

Wagner, Tremaine, Bennett and Pound are incumbents. Pound is a Republican and has both party endorsements.

Both Bray and Fitzgibbon, as delegates to the Chicago convention, supported Smith for the presidential nomination.

The chameleon is the only member of the reptile family that can focus both eyes upon the same point.

Sidelights In News In Capital Of United States

By HERBERT PLUMMER

Washington—There'll be a mad scramble on capitol hill shortly among those members of the house who survive the elections of November, for the congressmen will begin squabbling over space in their new office building.

It is a favorite pastime—scrambling for better office space. And now, with the new \$7,000,000 white marble building containing 266 additional suites of offices thrown open, it will be livelier than ever.

Newcomers to the house this year will be just out of luck. It will be the old-timers who have first pickings. For seniority is the thing that counts in getting office space just as it is the ruling factor in everything else on the hill.

INCREASED EFFICIENCY—

The new building is expected to increase greatly the efficiency of the representatives. At present each member has only one room. He has with him in this room at least two clerks with typewriters. Many have three or four clerks and secretaries.

Conferences with constituents must be held in the presence of these employees or out in the corridor. There is little privacy and complaints frequently have been made that there is no place where a man can do constructive work.

In the future, each of the members of the house will have at least two rooms—one for his private use and the other for his clerical help. The two buildings will be connected by underground tunnels leading to the capitol proper.

ANOTHER ADVANTAGE—

But perhaps what the representative sees of most value in the addition of more space will be that from now on he will be able to shield himself from those he has no particular desire to see.

The office seeker, for instance, now he can open the door and come in upon the congressman without notice. There's no way of stopping him.

There'll be no more of that. In the future he can tell his secretary to keep those out he doesn't care to see. And in the new building the architects have provided any number of convenient and unobserved exits for him.

Hutchinsons Back After "Jolly Fun"

It seems that the George R. Hutchinson "Flying Family" had a perfectly dandy time being forced down in their plane by a Greenland blizzard and being marooned on the bleak coast. For the aviator, shown here with his wife and daughters as they returned to New York after their rescue, insisted that ocean flying isn't dangerous and appeared deeply hurt by the storm of criticism leveled at him for taking his children on a flight that ended in the loss of their plane. He said that Janet, left, and Kathryn, right, were downright happy throughout the trip, and that it had been jolly fun for all.

alive. He has not quit. He is in the world, working out His eternal plans and purposes. He is Lord of all. He is Sovereign in every part and realm of life. His plans cannot fail. God's way will finally prevail concerning peace, race relations, social righteousness and world brotherhood until His Kingdom shall cover the earth as the waters cover the sea. Will we now acknowledge and accept His supreme Sovereignty over our lives and all of life? The underlying cause of our present chaotic situation in the world is because men have forsaken God. The time is here for a turning to God, an acknowledgment of His Sovereignty and a doing of His Will. No man can serve two masters. But every man must serve one, or his life has no peace. No man is really happy unless there is something which he feels he must serve with all his heart, mind and soul."

Prayer—Almighty God, our lov-

ing Father, Thou art high and lifted up and we are the creatures of a day, but Thou hast called us Thy children and our trust is in Thee. All power is Thine and all wisdom. In the plenitude of Thy mercy draw near to us. Thy name is Love and our needs are limitless. It is in Thee we live and move and have our being. Help us to glorify Thy name with well-ordered life and godly conversation. We ask it in Christ's name. Amen.

OLD-FASHIONED BARBECUE WILL BE HELD OCT. 14

Sterling Republicans are Planning Greatest Rally Of Years

Sterling, Illinois, Oct. 5—(Special)—An old fashioned barbecue, a gigantic ox, roasted to a turn by southern cooks, basted with butter to a melt-in-your-mouth tenderness. Potatoes smothered in gravy, buns, coffee—everything that goes to satisfy the inner man. Campaign oratory by silver-tongued spellbinders. A high school basketball contest participated in by all of the leading high school organizations in Northern Illinois. Red fire. A torch-light parade. Noise. All these and a dozen other attractions are offered by the First Precinct Republican Club of Sterling, Illinois, at its first annual barbecue to be held in Lincoln Park, Sterling, the afternoon and evening of Friday, October 14th.

The affair, which will be absolutely free of charge, is attracting the attention of the entire political world. James R. Garfield, masterful chairman of the Resolutions Committee of the National Republican Convention, is coming to Sterling from Cleveland, Ohio, to participate. Len Small, campaigning in Chicago, is making a special trip here in order to aid the organization. Oscar E. Carlstrom, idol of the ex-service men and outstanding orator, will deliver one of the principal addresses. Other men prominent in national and state politics have promised to attend. All of the county candidates will enliven the occasion by their presence.

Nine high school bands have already signified their intention of participating in the contest and will later play in the torchlight procession. Everything will be absolutely free of charge and it is expected that a crowd of from fifteen to twenty thousand people from Northern Illinois, Iowa and Wisconsin will be present. Loud speaking devices will be installed so that there will be no difficulty in hearing on any part of the grounds.

San Marino, a tiny country on the eastern slope of the Apennines about 40 miles southeast of Ravenna, Italy, is regarded as the oldest republic in the world.

WALT JOHNSON FIRED AS BOSS AT WASHINGTON

Is Second Major League Manager To Go In Annual Turnover

New York, Oct. 5—(AP)—The annual turn-over in baseball managers, moving at a faster pace this year than usual, already has left two major league vacancies—at Cincinnati and Washington.

The failure of Dan Howley to lift the Cincinnati Reds out of the National League cellar prepared the baseball world for his recent release but there was considerable surprise when Clark A. Griffith, owner of the Washington Senators, announced last night that Walter Johnson was through as manager.

Johnson, the "Big Train" a terror to American League batsmen for 20 years, had managed the club since 1923. The Senators finished sixth in that year, second in 1930 and third in 1931 and 1932. Rumors that he would be replaced were current this summer when the Senators fell into a disastrous slump, but they played sensational ball in the latter stages of the campaign and it was thought Johnson's job was safe.

Successors Not Named

Neither Griffith nor Sidney Weil at Cincinnati have given any inkling as to their new choices. Both declare they are looking around, with no particular person in mind.

There may be other changes in managerial ranks before the 1933 season opens but most of the players already have signed contracts. Of the three managers who were appointed in the midst of the 1932 season, Bill Terry of the New York Giants and Charley Grimm of the Cubs already are under contract. Marty McManus, who succeeded John Collins as leader of the Boston Red Sox, has not yet received a contract for next season.

Mack Explains Sale
Connie Mack, tall leader of the Philadelphia Athletics, finally has explained his sale of Al Simmons, "Mule" Haas and Jimmy Dykes to the Chicago White Sox, was due, in part at least, to "financial reasons." He adds that no other players will be sold until after the close of next season. "Then," he explained, "if any player is sold or traded it will be to an American League club in the sixth, seventh or eighth place standings."

John McGraw explained that his connection with a deal to transfer a National League franchise to Montreal was merely in an advisory capacity to Leo Danand and Joseph A. Cattarino, millionaire Canadian sportsmen.

Phil Ball of the St. Louis Browns and Sam Breadon of the St. Louis Cardinals both turned down offers for their franchises. At Montreal, Danand said he and his partner were interested in landing a major league franchise anywhere and not necessarily in Montreal, although they think the Canadian city could support big league ball.

McGraw himself made it plain he has no idea whatever of returning to an active role in baseball.

Babe Ruth has no intention of retiring as an active player before the end of the 1933 season at earliest. He probably will take another "cut" in salary but expert observers believe he will be offered something like \$65,000 or \$70,000 for next year.

NEWS IS SURPRISE

Washington, Oct. 5—(AP)—Walter Johnson, the smoking "Big Train" of baseball history, today was a castoff from the Washington American League club after four seasons as its manager on top of 20 years as its record-setting fireball pitcher.

No reason was given by Clark Griffith, owner of the Senators, in announcing last night that Johnson would not remain as manager.

He said only that his contract had expired and was not to be renewed.

The name of a successor also was unknown. Griffith said he had no one in mind, while fans speculated on Joe Judge, veteran first baseman; Joe Cronin, ace shortstop; and Sam Rice, long a Washington fielder.

Except for one year as manager of the Newark Club in the International League, Johnson played only with Washington from his appearance as a gangling 19-year-old rookie from Idaho in 1907. His discoverer, Cliff Blankenship, a scout reported:

"He throws so fast you can't see 'em. x x x and he knows where he is throwing the ball, because if he didn't there would be heaps of dead bodies strewn all over the state of Idaho."

From his first game in 1907, which he lost to Detroit 3 to 2, to his final hurrah in 1927, Johnson blazed his way through a trail of records. His strikeout mark of 3,427 still stands for the boys to shoot at.

Here are some of the other things he did while a fast ball artist: 1913, 56 consecutive scoreless innings; 1910, struck out three Philadelphia pinch hitters in a row; turned in a no-hit game against Boston in 1920; led the American League in strikeouts for 12 seasons.

In his first world series in 1924, Johnson won the deciding 12-inning tilt after losing his first two starts. He won two games in the 1925 series but lost the final.

Dixon will be after its ninth consecutive victory and Coach Clem Lindell's nineteenth win with local teams when the North Central Conference title defenders meet Belvidere in the Boone city this Saturday. The first game will be called at 1:00.

Since the formation of the North Central loop in 1929 Dixon has triumphed over Belvidere in the three games played. The first year was by a 13-6 score; 1930 the total was 26-0 and last fall the champs won 19-0. The last Belvidere win over a Dixon team was in 1924 when Captain Rynearson's outfit lost 39-7. The winning streak began the next year with a 7-0 Dixon verdict. Not until 1929 did the schools resume their grid meetings.

Coach E. C. Peterson's outfit is a question. Against Mendota they rallied in face of a tremendously powerful attack to lead 7-0 in the final minutes. Then in this short time Mendota pushed over a touchdown, but the defense stiffened and Belvidere was the winner 7-6, last week, playing a mediocre Harvard eleven, they succumbed easily to a 9-0 defeat. A field goal and touchdown were the winning efforts. Although in full strength in this game Saturday's opponents failed to make any threatening advances.

Dixon opened the league season in 1931 by whipping Belvidere. This game remains clear in most minds after a colossal defense of the local goal. It was in the third quarter that Belvidere had a first down on Dixon's one yard line. Four terrific drives by King, huge freshman fullback, failed to score the points. This same King is the mainstay of the 1932 crew performing at left tackle.

Last evening Dixon and Sterling played two games on the Dixon high field. The featherweight game ended 0-0. In the last quarter of the featherweight battle a Statue of Liberty was good for the winning points. Lyle Snader playing end, came around, grabbed the ball and traveled 59 yards to win the game 6-0.

First Valley Ring Bout This Evening

Tonight at 8:30 o'clock the first Central Association A. A. U. Rock River Valley boxing championship bouts will get under way. The first evening's entertainment will see probably ten or twelve three-round affairs. On Friday the finals are scheduled.

The new location of the Dixon Athletic Club in the Suter building just north of the Hotel Blackhawk is in readiness for the great crowd. This is the first show in the indoor home after a series of fights held during the summer in the Crawford's Maples.

Such boys as Al Yeager, a winner over Eddie Carlson, Monte Rashid and Chuck Popjoy, who received a terrific trimming from George Carlson this summer, Jack Smith, won over Kenny Jackson in the last outdoor show, Julius Denny, Rockford colored star, Clark Roush, prominent Dixonite, Jack Johnson of Rock Island and many others will appear in tonight's list. Winners will receive silver cups, runnerup a silver medal and an elaborate team trophy to the victorious team. The same officials that handled the Maples' series will preside over the championship bouts.

Government To O.K. Liquor Manufacture

Washington, Oct. 4—(AP)—Dr. James M. Doan, Commissioner of Industrial Alcohol, expects soon to issue permits for manufacturing 2,000,000 gallons of medicinal liquor—the third batch authorized since national prohibition.

Announcing yesterday that the liquor would be made, Doan indicated the permits would be issued within a short time, as warehouses now supplying this demand have applied for them to meet future needs.

ROYAL DIPLOMA

Bucharest—If the Grand Duke of Roumania, little Michael, who turned the throne of Roumania over to his father two years ago, ever becomes king again, the country is assured of an intelligent monarch. Little Michael just finished primary school, and has received a diploma with an average grade of 9.91 out of a possible 10.

THREE NEW BIG TEN COACHES GET IN COMPETITION

Solem Of Iowa And Dr. Spears Of Badgers Meet In Opener

Chicago, Oct. 5—(AP)—The Big Ten's three new football coaches, Ossie Solem of Iowa, Bernie Bierman of Minnesota, and Dr. Clarence Spears of Wisconsin, will get into championship competition, with two of them pitted against each other.

Solem, after a long successful career at Drake, will pit his Hawkeyes against Wisconsin and Spears in their opening important contests. The experience of directing a Big Ten team will not be new to Spears, however, for he served a hitch at Minnesota before going to Oregon and bounding back to Wisconsin.

Neither Iowa nor Wisconsin has been figured as championship caliber, but Bierman at Minnesota, has a squad of very dark horse rating. His championship hopes may die quickly for the Gophers, upset by the critical illness of Myron Uhl, meets Purdue, sharer with Michigan and Northwestern of the 1931 championship.

All In Scrimmage

Purdue appears about as strong as last year and Minnesota will be going somewhere if it wins. Preparation in most camps has taken the form of dummy scrimmage against what opponents are expected to use. Northwestern worked against Michigan passes yesterday, and the Wolverines put in a vigorous one on a defense calculated to halt Pat Rattner, Ollie Olson and the rest of the Wildcats backs.

Indiana's candidates were told that the naming of a squad of 33 men to go to Columbus for the Ohio State battle would be delayed until train time if necessary and the Hoosiers are battling hard for places. The Buckeye lineup has been shifted around, with Keefe taking Carroll's place in the backfield, but it is expected that Indiana will face the same starting eleven that moved down Ohio Wesleyan last week.

Chicago took an easy workout yesterday in its preparation for Yale, but Illinois scrimmaged, with the reserves having the better of the varsity. Of the traveling teams, Chicago, Northwestern and Purdue will set out tomorrow, with Indiana and Iowa moving into hostile territory Friday.

INTERSECTIONAL GAMES

New York, Oct. 5—(AP)—The fans who like to compare the east's football teams against those of other sections of the country get a good taste of intersectional warfare this week with more than a half dozen such games on the slate.

Heading the list, of course, comes the Yale-Chicago game at New Haven, a clash which involves leading teams from the east and its favorite rival, the midwest. There seems to be little choice between the teams but whatever edge there is goes to Chicago. The Elis, tied by Bates last week, have shown they still have a long way to go while at Chicago the veteran A. A. Stagg appears to have one of his best teams in several seasons and one which has a very good chance of avenging last year's 27-0 defeat.

Except for Washington and Jefferson, which plays the strong University of Detroit team at Detroit Friday, the other major eastern teams which tackle western opponents should come through without serious trouble. Army plays Carleton, which is reported to have a sturdy defensive team but nothing much more. Syracuse tackles a sometimes-tough Ohio Wesleyan aggregation but ran up 48 points against the same team last year and Carnegie Tech goes against Western Reserve.

Do You Remember?

One Year Ago Today—President Hoover was one of the 34,000 spectators as the world series moved from St. Louis for the first game in Philadelphia. With Grimes pitching, and Pepper Martin getting two hits out of four times up, the Cardinals won, 5 to 2. Al Simmons' homer was one of the Athletics' two hits.

Five Years Ago Today—The New York Yankees beat Pittsburgh 5 to 4 in the series opener. About 44,000 persons attended the game at Pittsburgh, which was featured by Babe Ruth getting three hits out of four times up.

Ten Years Ago Today—A world series game ended in a tie! After the tenth inning had been played, the second game of the series between the Yanks and the Giants was called, with the score 3 all. Hopes of Ohio State for a championship eleven were shot when Noel Workman, brilliant back, was declared ineligible.

PETROLLE BOYS "GANGING UP" IN BOXING EFFORTS

Ring Lightweights Are Fearful Of Couple Of Real Lads

New York, Oct. 4—(AP)—The Petrolle boys, Billy of Duluth and Frankie of Schenectady, are "ganging up" on the ring's leading lightweights who will tell you the only thing more deadly than one Petrolle is a couple of them.

Billy "softened up" Christopher (Bat) Battalino in two battles before brother Frankie took a couple of decisions from the former featherweight champion. Tonight, brother Frankie will try to repay the favor in his 10-round non-title match with Tony Canzoneri, lightweight champion, at Ebbets Field, Brooklyn.

If Frankie can hand Canzoneri a trimming, then Billy may have a much better chance of winning when he meets Tony in a title bout in Madison Square Garden next month.

Canzoneri, however, rates a 2 to 1 favorite over the Schenectady battler, who will be substituting for Ray Miller, Chicago southpaw. Miller came down with an attack of boils and had to withdraw.

Maxie Rosenbloom, recognized in this state as light heavyweight champion, will meet Jack Redman, South Bend, Ind., Negro, in the tenth round semi-final, also a non-title affair.

This show, promoted by Humbert Fugazy for a Masonic charity, will close the outdoor season just two days before the indoor campaign begins in the Garden with Benny Leonard battling Jimmy McLarnin, Vancouver welterweight, in the feature bout. This Friday night attraction may pack the Garden for Leonard still is a good drawing card and McLarnin always has been a crowd-pleaser.

NEW GRID RULE ON "DEAD BALL" TO END DANGERS

Secretary Of National Committee Explains New Regulations

(Because of widespread comment on the 1932 football rules, the Associated Press requested William S. Langford, secretary of the National Football Rules Committee, to clarify the principal changes in the playing code. Following is the first of a series of four explanatory articles by Mr. Langford.)

By WILLIAM S. LANGFORD

Secretary of National Football Rules Committee

New York, Oct. 5—(AP)—Players and the football public generally have always expected the man carrying the ball to fight for every inch of ground that he can possibly gain until the ball becomes dead.

Under the former rule when any part of the player in possession of the ball, except his hands or feet, touched the ground, while he was in the grasp of an opponent, the ball became dead automatically and play stopped.

This year's rule reads as follows: "The ball is dead and shall be so declared by the referee: (a) when a player having the ball goes out of bounds, cries 'down,' or is so held that his forward progress is stopped, or (except the holder of the ball in a place-kick) when any portion of his person except his hands or feet touches the ground."

To Eliminate Danger

The change made was in the elimination of the words "while in the grasp of an opponent," and its purpose was to do away with the dangers that came from "crawling" and "piling up."

Although it is the Referee's duty

to announce that the ball is dead by blowing his whistle, any "crawling" which occurs, even before the whistle is blown, is to be penalized by the loss of 5 yards. "Crawling" is defined as "an attempt by the player in possession of the ball to advance the ball after he has been downed, viz, when any portion of his person except his hands or feet touches the ground."

May Decline Penalty

There doubtless will be cases of "crawling," especially in the early games, and this will invite "piling-up" by opponents. In such event a foul will be committed by each team and under the rules the play will be played over, unless the captain of the team in possession of the ball declines the penalty for "piling-on" which he may wish to do if the gain made by his team, previous to the "crawling," is a large one.

In other words, if his team has made a gain of say, 20 yards and the runner then crawls and opponents pile-up on him, it would be more to his advantage to suffer the penalty of 5 yards for "crawling" and decline the penalty for the foul committed by his opponents as he would thus make a net gain of 15 yards and a first down. After a short time "crawling" and "piling-up" will entirely disappear.

Six Birds Doomed To Death In Court

Chicago, Oct. 4—(AP)—Two city-bred sparrows and four migratory brown thrushes from the woods are trapped at the bottom of the deep well formed by the four inside walls of the 17-story Continental Illinois Bank & Trust Company building, doomed to life imprisonment unless some means of rescue can be found.

The Chicago Humane Society has called upon the management of the building to save the birds, but all efforts to do so have failed.

The predicament of the birds was first noticed a week or so ago. Meanwhile tenants of the building are daily tossing their bread-crumbs.

This is the time of year you should supply your self with Healo—the best foot powder on the market.

Hooks and Slides

By WILLIAM BRAUCHER

It must not be much fun to fight this Max Siegfried Adolf Schmeling. He seems to be the kind of a guy who shoots for the eyes.

They called a halt on the German's assault of Mickey Walker in the ninth round when both of the only pair of eyes the Mick has left were closed. And my memory of the appearance of Jack Sharkey after going 15 rounds with the beetle-browed Dutchman is that one big shiny lump on Sharkey's face where an eye should have been.

Max attacked Stribling's eyes, too. In the last round of their stirring battle on the Cleveland lakefront, Double Yell was pawing blindly about the ring, trying to find the fellow to hit him.

Risko suffered eye trouble after his bout with Schmeling and so did Paulino.

MAXIE KNOWS IT

In order to hit a man, it is almost essential that one see him. Maxie himself always has taken very good care of his eyes. He received a slightly black eye in the Stribling bout and immediately rushed back to Germany canceling all engagements and placing himself under the care of the best eye specialists in his home land.

Of course, you can see with only one "mince pie" working. But the point is that you cannot see very well. If you think you can, close one eye and try running for a street car. There's a very good chance you'll miss it and wind up with an armful of fenders.

Timing is one of the most important elements of a punch in boxing and if the eyes are not co-ordinating, if one orb is out of commission, the boxer's sense of distance is vague.

DANGER OF INFECTION

Dempsey, after his first fight with Tunney, worried a great deal about his eyes. Tunney was the slashing sort of fighter, more likely to inflict great damage to the eyes than a slugger. The hand, dragged across the eye, leaves irritating resin and dirt, which is apt to cause infection.

Eye infection has been a serious tragedy in the lives of some of our great heavyweights. I remember asking Dempsey, after his second affair with Tunney, if he meant to fight again.

"No, I'm through," said Jack. "I want to keep this (pointing to his forehead and these (touching his eyes). You know what happened to Harry Greb. I want to see my way around for a while yet."

IT HAPPENS TO MANY—

Greb was partly blinded by blows but being one of the gamest fighters who ever lived, carried on and spent the last days of his life in the shadows. Pete Herman of New Orleans, former bantamweight champion, is almost totally blind. The splendid lightweight of other years, Sammy Mandell, has been suffering from serious defects of vision. Sam Langford is nearly blind.

Many cheap fighters resort to the trick of hitting an adversary on the head, and as the blow is struck, allowing the thumb of the glove to stick out straight and dig at one of the eyes. This is a variation of the gouging tactics frequently employed in the rough-and-tumble battles of the old days in the back rooms.

Schmeling, of course, is not that kind of a fighter. He is rough but he is a straight shooter.

High School Ath. Assn. Vote Ended

Chicago, Oct. 5—(AP)—Counting of ballots in the Illinois High School Athletic Association was completed last night. The votes were cast by mail.

F. M. Peterson of Tolono and R. W. Damron of Elkhart, were the new members elected to the Board of Control.

The following were elected to the legislative committee: C. C. Willard, Chicago; W. L. Goble, Elgin; P. S. Grove, Mt. Carroll; C. V. Shaffer, Princeton; S. B. Hadden, Urbana; C. C. McCormick, Colchester; W. C. Handlin, Lincoln; H. J. Blue, Carlinville, and Harry Taylor, Harrisburg.

PRESIDENT...THE AMERICAN TOBACCO COMPANY

NORTHUP CITES RECORD OF LEN SMALL AS GOOD

Compares Cost Of Road Building By Small and Cook County

John E. Northup, Republican nominee for Attorney General is making audiences throughout Illinois gasp by relating the amazing contrast between the cost of highway construction under Governor Len Small and the cost of road building by the Sanitary District of Chicago controlled by the Democratic machine of Cook county.

The contrast is all the more sensational because Mr. Northup shows that Small built state roads of concrete for \$30,000 a mile while the Democratic machine outfit cinder paths which cost \$100,000 per mile and more.

"If the cost of concrete road construction in Illinois under Gov. Small had involved waste and corruption such as appear in the construction of the cinder path, the concrete roads laid by Gov. Small would have cost the tax-payers five hundred million dollars or half a billion dollars, more than they actually did cost," Mr. Northup said.

Northup speaks with authority on the subject, as it was he who prosecuted and convicted Sanitary District officials in the famous graft trial in which the notorious cinder path deal was disclosed. Northup told of the many obstacles he encountered in the trial. He is speaking during the campaign with and for the entire Republican ticket, state and national.

Cites Low Costs
"No mile of concrete road laid by Governor Small's administration exceeded \$30,000 in cost," Mr. Northup said. "No mile of that cinder path cost less than \$100,000. The path consisted only of cinders, laid down with no considerable excavation required. It was about 20 feet wide and from five to twelve inches deep. It should have cost from one-half to one-third per mile of what the concrete roads cost."

"I have been gratified to find the character of the support being given Mr. Small throughout the state. I find business and professional men of all kinds supporting him. They are not looking for any special favors or benefits from the state administration. They thoroughly believe that Gov. Small will be in the best position to assist and serve the economic interests of the state."

"Farmers feel that he understands their peculiar and difficult problems that he will, within the limits of the power of the state, endeavor to assist them. Many Democrats, in common with Republicans, believe that his leadership in laying 7,000 miles of concrete roads was a monumental achievement. They feel that it exceeded in its advantage to this state what DeWitt Clinton did as governor of New York in building the Erie canal. Contrast it, if you please, with the cost incurred by officials of the Sanitary District in laying a 7-mile cinder path."

Thousands For Him
"Thousands of Democrats as well as Republicans wish to see Mr. Small returned to the governorship. They feel that he wishes and intends to give the state such an administration as will meet the approval of the state, such as will permit him to retire from public life with the highest honor, such that those who may have criticized him in the past will concede that he sought the last term of the governorship for that high purpose. If I can in any way contribute to such an end, I want to do so."

"I am supporting and shall support the national Republican ticket in every way. I believe that a proper discussion of this issue will bring new light to thousands of voters. It is not easy for people who have suffered from hunger and want to consider such questions with the calm and dispassionate view, which their importance deserves. The depression which began with the stock market slump in November, 1929, was caused by world conditions and did not proceed as the Democrats say, from the tariff act, which did not go into effect until June 1930."

Mr. Northup declared that as attorney general, he hoped to improve and simplify criminal law procedure to make it more effective and less costly, and that he intended to cooperate fully with state's attorneys throughout the state.

FRANKLIN GROVE

By GRACE PEARL
Franklin Grove—Mrs. Earl Fish entertained the Priscilla Club on Friday afternoon. The club will meet Friday afternoon with Mrs. Carrie B. Crawford.

They reported the girls well and happy and doing very nicely with their school work.

Mr. and Mrs. Irving Banker and daughters of Elgin were week end guests at the home of his parents Dr. and Mrs. Frank M. Banker.

The Sunbeam class of the Presbyterian Sunday school with their teacher, Miss Blanche Colwell, held their October meeting at the home of Mary Jean Miller, south of town. The meeting was opened by the president, Mary Jean Miller. The minutes of the last meeting were read by Muriel Kness. In the absence of the secretary, Nelda Fuller. After roll call the Lord's prayer was repeated. The most important business before the class was to decide upon having a bake sale Saturday. Miss June Hatch and Muriel Kness were appointed as the committee to obtain a place to hold the sale.

Bunco was played at which Georgia Peterson won first prize and June Hatch second. The girls enjoyed riding the Shetland ponies owned by Marie Black and Mary Jean Miller. Lovely refreshments were served consisting of creamed potatoes, chicken, sandwiches, pickles, jello and cake. The place cards were bags of candy. The girls report a lovely afternoon.

Conlon, Miss Maude Conlon, Mrs. Elizabeth Durkes, Miss Alice Fluch, Mrs. Julia Gilbert, Mrs. Romanza Greeley, Mrs. Leland Hanson, Mrs. Madrie Hussey, Mrs. Harry Kint, Mrs. James Lincoln, Miss Clara Lahman, Mrs. Archie Maronde, Mrs. W. L. Moore, Mrs. Willie Reigle, and Mrs. Elizabeth Sunday.

The first meeting was held on last Monday. The Department of Community Service with Mrs. W. Reigle as Chairman, had charge of the program.

Roll call—"What I Would Like to do to Help Our Community."

Representatives of various organizations were present at the first meeting. Mrs. A. W. Crawford represented the Priscilla Club.

Mrs. William Gonnerman represented the Aid Society of the St. Paul's Lutheran church. The Foreign Missionary society of the M. E. church was represented by Mrs. Elizabeth Durkes. Mrs. Henry A. Hicks represented the Aid society of the Brethren church. Mrs. Elizabeth Crawford represented the Aid Society of the Presbyterian church. The American Legion Auxiliary was represented by Mrs. George Spangler. Mrs. C. W. Lahman represented the W. C. T. U.

The roll call brought out some very helpful suggestions for our community. Some thoughts included: a community house, rest room, factory, jobs for everybody, a new library building, and many others.

The meeting was held at the home of Mrs. W. L. Moore.

Chicago Teachers Again Seek Money
Chicago, Oct. 4 —(AP)—Chicago school teachers today made fresh demands of the Board of Education and the Illinois State Assembly to pay their long past due salaries. The actions were voiced in two petitions, one to the Board of Education and the other to Governor L. L. Emmerson asking him to call another special session of the Assembly to run concurrently with the present session.

In a separate action the men teachers' union asked that Fred W. Sargent, head of the Citizens' Committee on Public Expenditures, state his position on the sale of tax warrants. The teachers claim that Sargent promised to aid in the sale of warrants if the budget was cut and they point to a \$15,000,000 slash four months ago.

Charles L. MacCallum, a principal, is directing circulation of the petitions to the school board asking that the teachers either be paid or the schools closed.

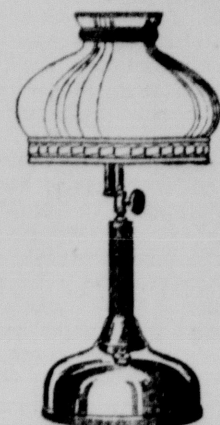

Passengers Safe On U. S. Railroads
Washington, Oct. 4 —(AP)—The chance of a railroad passenger being killed were given today by R. H. Ashton, president of the American Railway Association, as 150,000,000 to 1, in picturing the nation's rail lines as leaders in safety and service.

Addressing the twelfth annual convention of the safety section of the association, Ashton explained that in 1931 only four persons were killed in train accidents, compared with 7 in 1930 and 76 in 1920, adding:

"For each fatality in train accidents in 1931, the railroads carried more than 150,000,000 persons."

STUCK FROM BEHIND
Waukesha, Wis., Oct. 4 —(AP)—Andrew J. Frame, 88, dean of Wisconsin bankers, died today. Seventy years a banker, Frame was active until a few weeks ago as Chairman of the Board of the Waukesha National Bank.

TAILLESS COMETS

FAR OUTNUMBER THE FAMILIAR TAILED VARIETY.

"MAGIC FOUNTAINS"

THAT TURN ON AT THE SOUND OF A HUMAN VOICE, ARE NOW IN USE IN SEVERAL LARGE CITIES. A PHOTO-ELECTRIC CELL DOES THE TRICK.

The name "Comet" comes from the Greek, meaning "hair." Contrary to popular belief, all comets do not have hair, or tails, and more surprising, perhaps, is the fact that the tailless variety is in the majority. The reason with the comet is because that type is the only kind visible to the naked eye. The more common tailless phenomenon can be seen only through a telescope.

BROOKVILLE

By ARTHUR T. GUEST

ROCHELLE—On Sunday, October 2nd, the eighth year of the pastorate of Rev. Frank A. Campbell, at the Presbyterian church, ended and Rev. Campbell entered upon the ninth year in the local parish. The event was celebrated by an unusual service on Sunday morning, roll call Sunday, when 75 attended. D. W. Taylor talked for the church and Dr. T. E. Fousher for the community.

The men had charge of the evening.

The guest speaker of the evening was S. W. Phillips, Superintendent of Schools at DeKalb, who spoke on: "I Have Kept The Faith, Faithful Unto Death." The speaker pronounced Gandhi as the greatest leader in the world today and sketched his life and career and the effects of his fast in liberating the sixty million of untouchables in India today. H. A. Heron was chairman of the evening.

John Maxson publicity chairman and F. J. Blenfang was in charge of the music. A male quartette composed of Mr. Blenfang, Charles Olson, John Maxson, Jr. and Fred Harris sang a group of Seth Parker songs. The Sunday services are the first of a series of six great Sundays to be observed by the church this fall.

As Japan Made Manchuria Manchukuo

Here is world history as it was made. The picture shows the actual signing of the protocol by which Japan recognized the nation of Manchukuo, the former Chinese area of Manchuria. At the left, General Nobuyoshi Muto of Japan affixes his signature, while Premier Cheng Hsiniao-hsu signs for the so-called Japanese "puppet state." This action created a world issue, brought a new crisis to the League of Nations and to America's foreign policy.

These tiny tender leaves of
"spicy" Turkish tobaccos

—and just enough of them!

ENOUGH TURKISH BUT NOT TOO MUCH

Turkish tobacco sometimes runs hundreds of little leaves to the pound. In cigarettes it is used much as seasoning is in food, for flavor and better taste.

You know that seasoning has to be used right... just enough of it, not too much.

Chesterfield puts in just the right amount of Turkish tobacco—the best kinds—Xanthi, Cavalla, Smyrna and Samsoun. These are not merely blended, but cross-blended with ripe, mellow Domestic tobaccos.

Enough Turkish, not too much—that's one reason why Chesterfields taste better—why they have a delicacy of aroma you do not find in other cigarettes.
